CENTRALIZED LIST OF DISAPPROVED PUBLICATIONS

This memorandum implements the departmental centralized list of disapproved publications. Publications on this list are not to be allowed into any institution per the new California Code of Regulations (CCR), title 15, section 3134.1(e), Processing of Publications.

CCR Section 3134.1(e) states in part: "The Division of Adult Institutions shall distribute to each institution a centralized list of disapproved publications that are prohibited as contraband. Examples of publications that would be included on the centralized list would include, but not be limited to, publications that contain sexual content or nudity, warfare or weaponry, bomb making instructions, etc. Publications that are enumerated on this centralized list are not allowed in any institution. Local institutions may not add items to the centralized list." Based on this section, the items listed on Attachment 'A' are to be immediately banned from entering any California Department of Corrections and Rehabilitation (CDCR) adult institution.

Staff are advised that if any publication listed on Attachment A comes into the mail room, it is to be returned to sender as "unauthorized/disapproved." When a publication on the centralized list is returned to the sender, staff are not required to send a notice to the inmate or to the publisher.

A publication that does not appear on the centralized list must be reviewed for approval or denial on a case-by-case basis under CCR Sections 3006, 3134, 3134.1, and 3135. If a specific issue of an unlisted publication is denied because of a Title 15 violation, staff must issue a CDCR Form 1819, Notification of Disapproval-Mail/Packages/Publications (Rev-6/98) to each inmate who was an intended recipient of the publication. In addition, staff must complete and send a notification to the publisher, as described in section 3124.1(d). The institution shall also request inclusion of the denied publication on the centralized list of disapproved publications.

The centralized list of disapproved publications will be reviewed and updated annually at the beginning of the fiscal year. Wardens requesting to have publications considered for addition to the list in the next year must adhere to the following:

Associate Directors, Division of Adult Institutions
Wardens
Mail Room Supervisors
Correctional Captains/Facility Captains
Prison

- In a memorandum to the applicable Associate Director, outline the reason why consideration should be given to disapprove the publication. Only items that clearly and consistently violate Title 15 can be considered for inclusion on the centralized list.
- The memorandum must state the number of issues that are generated for the publication in a calendar year.
- Provide the following for every issue of the publication for an entire year:
 1. Copies of the CDCR Form 1819s, Notification of Disapproval-Mail/Packages/Publications (Rev. 6/98).
 2. Copies of the Letters to the Publisher.
 3. Copies of pictures or articles that violate Title 15. There must be at least one picture or article from each issue that is published during the year.

Wardens requesting that specific books be placed on the list must provide the following:

- A memorandum to the applicable Associate Director, outlining the reason why consideration should be given to disapprove the book.
- Copies of the CDCR Form 1819s, Notification of Disapproval-Mail/Packages/Publications (Rev. 6/98).
- Copies of pictures or text that violates Title 15.

Please be advised that you can only request specific books by title. Requests to have an author's entire work will not be considered.

Requests for addition to the Centralized List of Disapproved Publications must be submitted to your Associate Director by May 1 of each year. The Associate Directors will review and consolidate all requests into one document, which will be forwarded to the Director, Division of Adult Institutions, for consideration.

Wardens are to ensure that this memorandum and list are distributed appropriately. This includes ensuring that they are copied, distributed, and posted at locations accessible to inmates, parolees, and employees, including the inmate Law Libraries and Advisory Councils. Additionally, please make copies available for review by inmates in segregated housing who do not have access to the posted copies.

The centralized list of disapproved publications supersedes any prior departmental or facility memoranda regarding banned publications. Facilities must use only the most updated version of the centralized list to identify publications subject to a general ban.
