DETAINEE TRANSFER STANDARD

Policy: ICE will make all necessary notifications when a detainee is transferred. If a detainee is being transferred via the Justice Prisoner Allen Transportation System (JPATS), ICE will adhere to JPATS protocols. In deciding whether to transfer a detainee, ICE will take into consideration whether the detainee is represented before the immigration court. In such cases, the Field Office Director will consider the detainee's stage within the removal process, whether the detainee's attorney is located within reasonable driving distance of the facility, and where the immigration court proceedings are taking place.

Review Summary Report for Sebastian County Detention Center (AR)

On June 27, 2006, the New Orleans Field Office conducted an annual review of the Sebastian County Detention Center. This review was performed under the supervision of (b)(6), (b)(7)c Reviewer-In-Charge (RIC). The review measured compliance with the ICE Detention Standards. Attached to this memorandum are a copy of the original Form G-324B Detention Facility Review Form and a copy of the worksheet.

Type of Review:

This review is an Annual Review conducted by officers assigned to the field office as directed by HQDRO. This review was conducted for the purpose of determining overall compliance with the ICE Detention Standards. The facility has been in use by ICE /(INS) since 2001.

Review Summary:

The American Jail Association and the Arkansas State Jail Standard accredit the Facility. On 8/8/2005 was inspected and approved by the City Of Fort Smith, Arkansas Fire Marshall.

Review Summary Report for Sebastian County Detention Center Fort Smith (AR)

The following information summarizes those standards <u>not in</u> compliance. Each standard is identified and a short summary provided regarding standards or procedures not currently compliance.

Compliant - 25

Deficient - 1

At-Risk - 0

Non-Applicable- 2

Environmental Health And Safety: Deficient

- > No system for the storing or issuing cleaning material
- No records of inventory for the uses of cleaning material.
- > It appears that there is no supervision while cleaning material is being used.
- No evidence was seen that proves that the facility uses personal protective equipment.
- MSDS sheets were not produced for the inspection.
- * During the review, the Captain was notified regarding the above deficiencies. The response was immediate and all deficiencies will be corrected.

Constraints or difficulties experienced during the review:

During the review no constraints or abnormal difficulties were encountered. Staff was extremely helpful in answering questions, providing access to various areas of the facility.

RIC Observations:

- Administrative STAFF: The Staff was extremely well versed in policy and procedure at this location. Administrative Staff exhibited confidence and courtesy throughout the review. I commend the efforts and accomplishments of the Administrative staff.
- Facility STAFF: The Staff exhibited professionalism during the review. The Facility Staff were questioned at length regarding policy and procedure. I observed that the facility operated in a calm and orderly fashion throughout the review.

Recommended Rating and Justification

It is this Reviewer in Charge recommendation that the facility is Acceptable for a 72-hour facility.

RIC Assurance Statement:

It is the opinion of this Reviewer in Charge that the findings of compliance and noncompliance are documented on the G-324B Review form and that it is supported by documentation in the review file.

Within the scope of this review, the facility is operating in accordance with their policy and procedures and is willing to update these records to be in compliance with our Detention Standards.
