D. Comments

26, Please provide any additional information concerning training for overseas deployments or assignments of FBI personnel you believe is relevant.

I had to stated to several people in general discussion from all agencies that once the dust settled in early 2002 - "CTU" (Counterterrorism University) should have been built as a joint agency project - Prior to conducting any interviews all personnel should have had "refresher" training as well as been schooled in policy for an approximate two week period.

I still believe this would be a viable course of action if GTMO survives!
