Yes No

22a. Please describe the ways in which you believe the training, instruction or guidance was inadequate:

With the benefit of 20/20 hindsight, greater, formal guidance regarding the FBI's responsibility to "police" other agencies by reporting misconduct as well as concrete guidance regarding techniques that constituted misconduct would have been helpful.

23. In your opinion, did you receive adequate training, instruction, or guidance relating to standards of conduct by FBI and non-FBI personnel relating to treatment, interview, or interrogation of detainees during your deployment or assignment?

Yes No

23a. Please describe the ways in which you believe the training, instruction or guidance was inadequate:

At the time, the guidance provided seemed adequate. However, with the benefit of 20/20 hindsight, training described in my response to 22a, would have been useful after my arrival at GTMO.

24. In your opinion, did you receive adequate training, instruction, or guidance concerning what you were supposed to do if you observed or heard about the treatment, interview, or interrogation of detainees, by FBI or non-FBI personnel, that you believed was inappropriate, unprofessional, coercive, abusive, or unlawful?

Yes No

24a. Please describe the ways in which you believe the training, instruction or guidance was inadequate:

I was not provided with guidance regarding this matter.

25. (Optional) In what ways can the FBI improve training on this subject for future deployments or assignments?

I believe the role of the FBI and Agents in such situations must be clearly defined. At the time of my deployment to GTMO, the understanding conveyed to me was that the U.S. Military was the lead agency, they had their own rules that they were operating under, and our role was to conduct FBI business by coordinating with Military personnel without interfering in their accepted practices. We were provided with a copy of approved interrogation techniques to give some clarification as to their accepted practices. Should the FBI be taking on the role of "policing" other agencies, that role should be clearly communicated to Agents prior to and during their deployment.

D. Comments

26. Please provide any additional information concerning training for overseas deployments or assignments of FBI personnel you believe is relevant.

See above.

g. (Optional) Please describe the relevant circumstances in more detail:

Several of the detainees I talked to reported they had spoken to people who had identified themselves as FBI Agents, but did not appear to be identifiable with any known FBI personnel assigned to GTMO. It was difficult for me to discern if their reports were true or if the detainees were fabricating in order to manipulate interviewers.

66. Are you aware of any "sham" or "staged" detainee interviews or interrogations conducted for Members of the U.S. Congress or their staff?

Yes No

67. To your knowledge, did any military or intelligence personnel ever deny or delay FBI access to a detainee the FBI wanted to question because the detainee had sustained injuries after he was captured?

Yes No

74. (Optional) Please provide any additional comments regarding the reporting of concerns related to interview or interrogation techniques, detention practices, or other detainee treatment. It was my understanding that techniques utilized by U.S. Military personnel which would have been unacceptable for FBI personnel to use were non-reportable in that Military personnel were acting within accepted standards of behavior for their agencies.
