Subject: Request for Investigation of Unreasonable and Discriminatory Phone Rates (in New Jersey) by Bobby Brown
Docket No. 96-128

Dear Chief Veach,

Please find "enclosed" the Complaint submitted by Bobby Brown at NJ State Prison on January 10, 2012.

I will send you 2 hard copies of the Complaint and exhibits tomorrow, so you can send me a stamped copy, as Mr. Brown requested. It's safer to send to me, so I can copy it before sending it in to the prison, whose mail system is not always reliable.

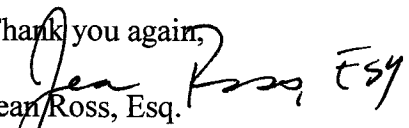

Mr. Brown tells me that he sent a check for \$25 with his original application and has a copy of the check. I hope that there is no filing fee, but if there is, please let me know and I will take care of it. If you do not have a record of Mr. Brown's \$25 check, I will ask him to send me a copy to forward to you.

Thank you for your attention to this matter.

Finally, I know that there are many people in New Jersey who are very concerned about the prison phone system. We will be following up the State's negotiations with GTL about the contract that must be renegotiated by March 3, 2013.

We are also very interested in the status of proceeding #96-128. Can you give me any information about that proceeding?

Thank you again,

Jean Ross, Esq.

In a message dated 7/18/2012 10:15:41 P.M. Eastern Daylight Time, Julie.Veach@fcc.gov writes:

Dear Ms. Ross,

Thank you for your email. After conducting a search within the Wireline Competition Bureau and also in the Enforcement Bureau, we have been unable to locate any record of Mr. Brown's complaint. If you or Mr. Brown have a copy of Mr. Brown's complaint and would like to forward it to my attention, it would be greatly appreciated. In any event, for future reference, I am attaching a copy of the Commission's guide on filing formal or informal complaints with the FCC.

As you may also know, the FCC has an open proceeding in connection with inmate payphone rates. Any member of the public may participate in that proceeding. If Mr. Brown would like to participate, he can send his comments in a letter to the FCC. The letter should reference docket number 96-128 on the first page and be addressed to:

Marlene H. Dortch, Secretary

Dear Sir or Madam:

Please find here enclosed for filing, an informal complaint with the necessary supporting documents. I request that a stamped "FILED" copy be returned to me at the above address of complainant.

As this matter is "informal" I only request that whatever amendments needed or made by the appropriate agency be made according to the filing.

SUMMARY OF THE FILING

The herein Complainant Bobby Brown moves before the Federal Communication Commission via, Presiding Officer, Ms. Sharon Gillett pursuant to 47 C.F.R. 1.209 and submit this summary pursuant to 47 C.F.R. 1.49(c).

This complaint is informal, and based on unjust, unreasonable, and discriminatory rates and usage by Global Tel Link. This includes limitation on calls for those who have families outside of the United States with the exception, of a few neighboring islands, cell phone ban connection from family usage.

The complainant request an investigation if necessary concerning the company, and whether there is a need for comparison with other states including those who have banned GTL for the same purpose.

As the complainant, I submit that there is legitimate alternative means by which this company is able to operate and the state without gauging prices from families.

Therefore, there is a request to investigate the matters if the request is legitimate by complainant.

**INFORMAL REQUEST FOR AN
INVESTIGATION OF UNREASONABLE AND DISCRIMINATORY RATES
AND PRACTICES**

Pursuant to 47 USCA §1.1410(a), and 47 CFR §§ 1.41 the Requestor Bobby Brown in the above captioned matter, pro se, informally request an investigation for discriminatory services, unjust and unreasonable rates by Global Tel* Link based on the following facts:

1. I am an inmate confined here in New Jersey State Prison, P.O. Box 861, Trenton, New Jersey 08625.

FACTS AND INTEREST

2. Global Tel* Link has a contract with New Jersey Department of Corrections to provide telephone service to inmates in its correctional facilities at the rate of .33 cents a minute and .33 cents for each additional minute for local (intrastate and interstate) telephone calls.

3. Inmates are allowed to make collect calls, and the pre-paid calls which are charged against the inmates trust account are the same rate of .33 cents per minutes.

4. Inmates are prohibited from making calls to cell phones, and no service is provided for inmates who need to make international phone calls with the exception of Jamaica, Virgin Islands and Puerto Rico.

5. The contract does not provide international calling service to other inmates. The New Jersey Department of Corrections provides an alternate method for international calling services through the Social Workers Department and costing approximately \$13.04 for the first minute, and averaging at \$4.40 for each additional minute for Germany, and the rates will vary depending on the country.

6. Under the contract, an inmate may not make more than \$200.00 worth of collect calls during any month. Once the inmate has accumulated collect calls totaling \$200.00, a block is placed on the collect calls without the inmate or person(s) accepting the calls consent or any number the inmate wish to call has exceeded \$200.00. The result of the

block in turns gives a recording "this number is not authorized for collect calls." There is no notice to the general population inmates in New Jersey State Prison.

7. To remove the block, the person receiving the collect calls must immediately go to his/her Phone Company, and request that the block be removed, and then, place money on the account practically paying for time by the minute plus, applicable taxes and fees.

8. There is a common practice by phone companies of family members after an IPIN number has been updated with new phone numbers to place a block on the telephone approved for calling without consent of the family.

Additionally, calls made to families and friends who have operator providers like AT&T et als., can not always get through because there is an un-approved block on the phone which does not recognize the other carrier's specific access code. This in turns gives a recording that "this number is not authorized for collect calls" as stated in (paragraph 6).

10. The rate of .33 cents per minute under the contract far exceeds the actual cost of telephone services and a reasonable profit for GTL. (See also, II below.)

11. The rate of paying for international calls at the rate of \$13.04 for the first minute and average at \$4.40 for each additional minute is unconscionable.

THE D.O.C.'S ALTERNATIVE TO INTERNATIONAL PHONE CALLS

12. The herein writer of this complaint submit that the

alternative to Global Tel* Link not having international phone call service provided has lead to the following;

13. On December 12, 2009, via, inmate remedy system, I filed a request to make a phone call to my biological children in Germany, stating that I would pay for the call(s) made and the time to call. (Ex. 1).

14. The form was dated December 1, 2009, as wrong form, and Form IRSF (Inmate Remedy System Form 103) was sent back stating to see Unit Social Worker. (Ex. 2).

15. I spoke to the Unit Social Worker Ms. Crystal Raupp, and she submitted the form on my behalf on January 5, 2010. (Ex. 3).

16. On January 14, 2010, the Prison Classification Committee denied the international telephone call request by Ms. Raupp submitted on my behalf. (Ex. 4).

17. Based on the denial on January 5, 2010, I resubmitted a request on January 17, 2011, asking for reconsideration of the denial, and to show cause why I should not be able to call my children to the Prison Classification Committee. (Ex. 5).

18. Stamped filed January 20, 2010, as "wrong form" someone unknown in the Administration Department sent a IRSF Form 103 stating; Debit collect calls can be made. Place number on IPIN List, and use approved Institutional/Department "Tel 005." (Ex. 6).

19. Prior to January 20, 2010, I filled out a

Discrepancy Form requesting to add my daughter, son, and children's mother on the phone IPIN list.

20. On January 21, 2010, I received response stating, "No international calls through phone system." (Ex. 7).

21. On January 22, 2010, I sent another request out asking permission to add my daughter, son and daughter's mother's number to my IPIN list. Also, that there was not enough boxes on the IPIN form for the digits of both my daughter and her mother's phone numbers. In response, the request came back on January 26, 2010 stating, "No International calls. Only North American dialing." (Ex. 8). Again, I resubmitted on February 8, 2011. (Ex. 9).

22. I'm requesting that Global Tel* Link provide services to me on the "Inmate Pin Request Form" to call from the institution to overseas through collect or direct pre-payment of an inmates account and/or international collect calls. (See, Ex. 10).

23. The number of slots on the IPIN Form should reflect enough digits needed for international phone calls, this includes country codes and number dialing unless, the information is already covered electronically and specifically for the numbers approved. If an inmate wish to call Germany, Russia, France, Copenhagen et als., the country codes can be electronically imputed into Global Tel* Link's computer where the inmate is allowed to call directly to that one number approved for dialing. (Ex. 10).

24. Global Tel* Link does not have anything in place for inmates who have family overseas, and wish to call and contact them. I must use the Social Worker's Department within the Department of Corrections to place an overseas call as an alternative at discriminatory rates. (See scheduled calls via, For G-14 as Exhibits 11-15).

25. The overseas call is \$57.00 to \$60.00 for 15 minutes at \$13.04 for the first minute and at \$4.00 for each additional minute.

26. I request that Global Tel* Link, contract companies overseas to assist clients (inmates), who wish to call their families overseas without having to pay a large disparity compared to those made intra & interstate calls here in the United States as unjust and unreasonable.

PUBLIC INTEREST

27. The competitive price gouging from the families of inmates does not promote rehabilitation nor does it promote a stable atmosphere within the prison system. Rates for prisoner phone calls should not come from the pockets of families if so, the rates for prisoner telephone calls should be equal to a comparable call in the free world including, the prevention of any special surcharges or tariffs on prisoner-calls.

28. The rates considered are unacceptable to families where current rates for local and inter-lata calls provide lower costs to inmate's families when calls are made at

night, on weekends and holiday, however, the families are not getting the benefit of these discount rates.

29. A request is reasonable, and in the public interest since, when the process can be used on the pre-paid debit account at a lower rate than paid by the public savings "tax payers" and at the same time lower the complaint level in New Jersey Department of Corrections.

30. When an inmate cannot afford to pay for the high rate calling through the alternate source (Social Worker), he or she will receive a G-14 stating, the call can be made when there is enough money in the account. (Referring to Ex. 11-15).

31. Under the request for proposal, Inmate/Resident Telephone Control Service was made to be most advantageous to the State, price and other factors considered however, neither the inmate nor the families.

32. Under the dialing plan provided by the Contractor no international calls is authorized.

33. No calls are permitted unless approved by the DOC and/or JJC POC.

DISCRIMINATORY RATES

34. In support of this claim, complainant ask the FCC to consider (Ex. 16) an article from April 2011 issue of Prison Legal News ("PLN") Vol. 22 No. 4, ISSN 1075-7678 which, did a national survey of telephone service providers, GTL provides telephone service to correctional facilities in

20 states and as a major operator provider in the telecommunications market. The complainant submit the Prison Legal News (PLN) dated April 2011, shows Global Tel* Link as a major operator provider in the United States. (Ex. 16.)

35. As of June 24, 2010, Global Tel Link agreed to reduce the cost of Inmate calls at State Department of Corrections (DOC) and Juvenile Justice Commission (JJC) facilities by providing a flat rate for all calls of \$0.33 per minute which equating at an overall 15% reduction and providing the State's commission from 40% to 41%, and modified the commission percentages fro some of the rate options available to county correctional facilities.

36. The lowest interstate rate is Massachusetts at .86 + .10 for each additional minute. The highest is Alabama, Arkansas, Connecticut, Georgia, Minnesota, North Carolina, at 3.95 + .89 for each additional minute this does not include the applicable taxes and fees.

37. There should be no ban from calling services to family members who are in possession of cell phones due to the overwhelming use and ownership in society today.

38. The failure to provide international call service under the contract is also unreasonable.

39. Finally, the placement of an automatic block as described earlier in (paragraphs 6-9) is also unreasonable.

DISCRIMINATORY PRACTICES

40. The FCC should determine if the ban on inmates

calling cell phones is discriminatory.

41. Whether the failure to provide international calling to inmates under the contract is discriminatory.

UNJUST AND UNREASONABLE RATES

42. New Jersey rates show a disparity as "excessive" compared to the 20 states which, also has Global Tel* Link for contracts.

43. The Requestor as a client seek the Wireline Competition Bureau to investigate whether the rates show a disparity, and should be equally across the board for all states contracted with Global Tel* Link.

44. The Requestor, by way of informal request files this to determine if the rates are unjust and unreasonable in violation of the Communications Act of 1934, and urged the FCC to investigate the services to New Jersey State Prisoners and to regulate their rates. This includes whether there is a disparity in the phone rates in New Jersey compared to other states and lack of cell phone use.

45. Global Tel* Link, is a provider to 20 states and therefore has a dominant position in the operator service market. However, the phone rates vary from state to state in the market power. (Ex. 16).

46. Global Tel* Link, is a major on the market and should treat all states equally on a non-discriminatory basis.

47. As Global Tel* Link has a contract with the

Department of Corrections here in New Jersey, they (D.O.C.) are equally liable for not providing their rates to inmates in writing upon request.

48. Due to the contract, I am compelled to use only the debit phone system when I need to speak with my family placing \$15 to \$20.00 for calls in the United States due to phone blockage.

CONCLUSION

(a.) The FCC should investigate whether Global Tel* Link rates as a major on the market competitively, show disparity from state to state as unjust and unreasonable;

(b.) Whether the rates should be equally across the board as Global Tel* Link is a major contender amongst other carrier providers as unjust and unreasonable;

(c.) Whether the rates are unjust and unreasonable given the prices of other states who are lower and by the same carrier;

(d.) Whether or not, providing service for inmates who have families outside the United States is prejudicial, and a request is reasonable for Global Tel* Link to provide the necessary service to those inmates, and if not, whether such refusal would amount to a violation of 47 U.S.C. Section 201;

(e) That the Wireline Competition Bureau determine that the maximum rate from Global Tel* Link of \$.33¢ a minute in New Jersey compared to other states under contract is in excess of a just and reasonable rate pursuant to 47 C.F.R. §1.1410(a) as a major on the market;

(f.) That Global Tel* Link, the above named carrier be ordered to immediately provide telephone service to Inmates in New Jersey Department of Corrections for foreign calls;

(g.) The FCC Investigate the disparity in the phone rates, as the rates should be equally across the board to avoid discriminatory acts;

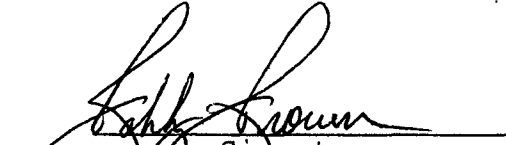

(h.) The Service Provider Global Tel* Link should engage in foreign communication in the publics interest. Such interest where complainant now pay \$57.00 - \$60.00 for 15 minutes would be cheaper if paid and established through the Inmate pre-paid account establish through Global Tel* Link even at .33 a minute and for each additional minute;

(i.) Whether failure to provide the actual amount of applicable taxes and fees under the contract is unreasonable;

(j.) Whether the Department of Corrections and Global Tel* Link's agreement to .33¢ a minute plus applicable taxes and fees could be implemented without consent of the clients (inmates). This is especially considering, the Department of Corrections is profiting, and not paying any fees for the purpose of this deal/contract. This is especially so, where there are Inmate representatives who speak on behalf of the inmate population, who could relate the agreement of contracts between inmates and the prison officials.

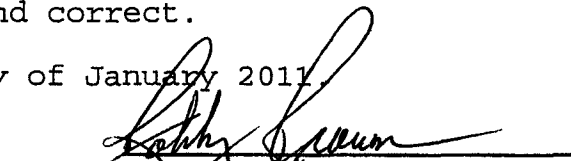

Accordingly, the undersigned request that the above named carrier be investigated to determine whether their services, are discriminatory against, and for unjust and unreasonable rates.

Re: F.C.C. Complaint

Dear Ms. Ross:

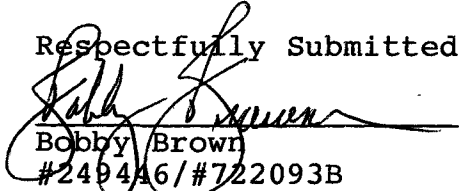

Please find enclosed, a copy of the "exhibits" to the F.C.C. Complaint. Please attached when you send the complaint out on my (population's) behalf. I have also, enclosed a copy of the check in the amount of \$25.00. The complaint was misplaced but, no one is saying where the money went either which, was for the purpose of indigence.

I hope that by presenting the complaint itself, this will be enough to speak for myself and the entire inmate population since, we're all under the same contract obviously.

Anything that I can be of assistance to you, please let me know for there is so much work to be done but, so little time to complete the tasks.

Thank you for your time!

Ad indicator: I have requested telephone call through the social worker department thru unit social worker, was denied. I submitted the request & it was denied without reason. I've filled out the request for telephone disconnection & twice it was denied stating "no international calls" "Germany" to my daughter. I again request that I be able to make the call through the social worker department on a need be basis. I can pay for my own calls, so I am requesting order to make phone calls in hopes that the final decision to deny me will be reconsidered.
