**CORRECTIONAL INSTITUTION INSPECTION COMMITTEE REPORT:
REVIEW OF ASSAULT DATA FROM THE
OHIO DEPARTMENT OF REHABILITATION AND CORRECTION
REGARDING OHIO PRISONS**

INTRODUCTION:

Although assault data is included in the CIIC Biennial Report of January 2005, the data is not among the statistics regularly provided on a monthly basis. Rather, the CIIC has periodically requested and received such data compiled by the ODRC Bureau of Research.

During the CIIC meeting on January 25, 2006, three Correctional Officers addressed the Committee, including two from the Southern Ohio Correctional Facility (SOCF). Their expressed concerns included an extremely serious inmate assault on an Officer at SOCF on December 5, 2005, related concerns about the incidence of inmate on staff and inmate on inmate violence at SOCF, including the murder of the reported leader of the Aryan Brotherhood by a Muslim inmate on September 26, 2005, and concerns about further related violence.

In partial follow-up to the areas of concern, CIIC staff requested updated data on assaults in Ohio prisons from the Ohio Department of Rehabilitation and Correction's Bureau of Research. On January 31, 2006, the following assault data was provided:

- **Inmate on Inmate** Assault Report (**January-June 2005**) with Number of Assaults by Type at Each Institution
- **Inmate on Staff** Assault Report (**Jan. 1-Dec. 15, 2005**) with Number of Assaults by Type at Each Institution
- Reported Institutional **Inmate-on-Inmate** Assaults from **November 2004 through October 2005**
- Reported Institutional **Inmate-on-Staff** Assaults from **November 2004 through October 2005**
- **SOCF Inmate-on-Inmate** Assaults by Type of Assault in Calendar Years **2001-2005 through October 12, 2005**
- **SOCF Inmate-on-Staff** Assaults by Type of Assault in Calendar Years **1997-2005 through December 28, 2005**

The data is reported to be the most updated versions completed by the ODRC Bureau of Research. The Bureau of Research will provide the CIIC with updated assault data as they are created or updated in the future.

Following the Summary, detailed tables and findings are provided on Inmate on Staff Assaults and Inmate on Inmate Assaults.

2. SOCF 2001 TO OCTOBER 12, 2005

**Inmate on Inmate Sexual Assaults at the
Southern Ohio Correctional Facility from 2001 to October 12, 2005
With Breakdown by Year and Type of Sexual Assault**

	Completed	Attempted	Contact	Sexual Total	Total Assaults
YEAR	N	N	N	N	N
2001	0	0	0	0	118
2002	0	0	0	0	145

2004	2	0	0	2	85
2005	1	0	0	1	100
TOTAL	3	0	0	3	587

NOTE: **Sexual Assault** is defined as non-consensual anal penetration or oral sex forced on the victim by the assailant.

Sexual Contact Assault is defined as any touching of an erogenous zone (including thighs, genitals, buttock or pubic region) of one inmate by another that is unwanted by the victim.

- In the five-year period, there were three Inmate on Inmate Completed Sexual Assaults, with none in 2001, 2002 and 2003, two in 2004, and one in 2005.
- The previous system-wide data is solely for the first six months of 2005, which shows no Inmate on Inmate Sexual Contacts or Assaults from January through June of 2005 at the Southern Ohio Correctional Facility.
- Contact was made with the SOCF Investigator on February 16, 2006 to seek clarification on the 2005 Sexual Assault. It was relayed that there were **two alleged Sexual Assaults in July 2005**, one in the restroom of the inmate dining room, and one in recreation. In both incidents, it was determined that they were **consensual acts**. In both incidents, the alleged victims confessed to that fact. Reportedly, the **two 2004 incidents cited above were also unfounded. There is an apparent need to distinguish between allegations of Sexual Assault, investigations of such allegations, and verified incidents of Sexual Assault.**
