LITIGATION ANALYSIS

The number of lawsuits filed in this quarter increased from the previous quarter, with 348 filed in the first quarter of 1995 and 413 filed this quarter. The amount of awards/settlements in this quarter was more than in the previous quarter, with \$5,150 in the first quarter and \$204,460 this quarter. (Note that there was one large settlement of \$130,000 for a wrongful death suit in MXR.) Although the total number of lawsuits and the dollar amount of settlements was significantly greater this quarter than in the previous quarter, it is premature to draw any conclusions from this data regarding litigation trends.

1995 QUARTERLY LITIGATION REPORT

SECOND QUARTER

I. SIGNIFICANT HEARINGS AND TRIALS

MID-ATLANTIC REGION

Shelton v. U.S., S.D. W. Va., FCI Alderson

Trial was held in Bluefield, West Virginia, on January 11, 1995, in this FTCA case arising from salmonella food poisoning at FPC Alderson.

Parr v. U.S., and Williamson v. U.S., S.D. Ind., USP Terre Haute

Separate telephonic trials were held before a Magistrate in these FTCA property cases. In Parr the Magistrate found in favor of plaintiff and awarded nominal damages in the amount of \$10.00. The Williamson case was decided in favor of the government. These telephonic trials are being used when an inmate has been transferred out of Terre Haute, and they seem to be working well.

Wood v. Hahn, et al., E.D. Va., FCI Petersburg

Plaintiff, seeking Temporary Restraining Order (TRO) to reinstate telephone privileges, alleged that these privileges were restricted for unauthorized use of the telephone (in conducting a business) by the UDC without due process. On Thursday, February 23, a hearing was held on the TRO. The government argued that plaintiff had failed to exhaust his administrative remedies and that the "some facts" standard discussed in Hill should be applied. The judge denied the request for the TRO. On April 3, 1995, an order was issued dismissing, without prejudice, all defendants in their individual capacity.

NORTH CENTRAL REGION

Vashty St. Claire, et al. v. United States, et al., D. Ariz.

This hybrid Bivens/FTCA action has been previously reported. Plaintiffs, representatives and survivors of former inmate Robert St. Claire brought suit arising out of the circumstances surrounding the death of Robert St. Claire. Plaintiffs, who are not represented by counsel, sought four billion dollars (\$4,000,000,000.00) in damages. On February 24, 1995, the Complaint was dismissed for failure to properly serve the United States.

NORTHEAST REGION

Meruelo v. Lamer, M.D. Pa.

Inmate Homero Meruelo, through counsel, filed a habeas corpus petition challenging deferrals of his class placement at the Intensive Confinement Center. The inmate had been removed from the ICC program after the UDC found him guilty of various infractions. The inmate's attorney amended his petition alleging that the incident report was in retaliation for his habeas action.

The magistrate held a hearing on January 6, 1995. On April 11, 1995, the judge dismissed the petition, holding that the ICC is a "program" from which Petitioner can be removed on the basis of disciplinary infractions.

Berman v. Lamer, E.D. Pa.

Inmate Jeffrey Berman, through counsel, filed a Bivens complaint alleging staff at USP Lewisburg and FCI Fort Worth had been deliberately indifferent to his medical needs and seeking an order for an examination by a private specialist. The judge held an emergency hearing on January 27, 1995, denied the motions from the bench, and issued a decision resulting in the published opinion at Berman v. Lamer, 874 F.Supp. 102 (E.D.Pa. 1995).

SOUTHEAST REGION

Ruble v. Anderson, N.D. Ga.

This is a Bivens action against five USP, Atlanta employees for excessive force in a cell move. Requests for representation were initially denied by the Department because the civil rights division was conducting a criminal investigation into the allegations. Grand jury proceedings on this matter are progressing. All defendants are currently represented by private counsel with no guarantee of government reimbursement. Both sides have made a request for production of the video tape of the forced cell move. The BOP is moving for a protective order which would allow authorized representatives of both sides to view our copy of the tape as often as is necessary but not to allow possession of the tape. A copy of the tape will be produced to the court under seal.

U.S. v. Timothy Hume, N.D. Ga.

This criminal prosecution involved an assault by an inmate with a knife on a physician's assistant at Atlanta; it was tried on January 24, 1995. The inmate's defense was that he was not mentally responsible because BOP refused to supply prescription

drugs he had been previously taking. The jury rendered a guilty verdict after 30 minutes of deliberation.

II. SETTLEMENTS

MID-ATLANTIC REGION

Brenda Liz Bermudez-Quinones v. U.S., N.D. W. Va., FCI Morgantown

The AUSA settled this wrongful death case for \$130,000 without first receiving permission to settle from the Bureau of Prisons. This case involved the alleged failure of staff at FCI Morgantown to prevent an inmate suicide in 1988. The case had a complicated procedural history and we had already received one court order where Judge Keeley had determined that prior to the suicide the deceased was depressed and had received no mental health treatment.

NORTHEAST REGION

Pitrone v. United States, N.D. Ohio

This wrongful death FTCA action was filed by the estate of deceased inmate James Haddad. Haddad died on May 19, 1992, at FPC McKean due to an apparent heart attack. No autopsy had been ordered. Plaintiff alleged that FPC McKean medical staff failed to diagnose and treat Haddad for congestive heart failure and that staff failed to respond properly when Haddad suffered his heart attack. Although the evidence showed that FPC McKean acted within acceptable community standards, the judge placed a great deal of pressure on the parties to settle the case. Plaintiff had made a demand for over \$1 million in damages. The United States agreed to settle for \$20,000.

Wright v. United States, E.D. N.Y.

Former staff member brought this EEO case alleging he was terminated because of his race. Bureau records showed he was terminated for cause. He alleged that the stress of working with the Bureau caused medical problems which essentially disabled him. After his termination, OPM granted Wright disability for a work related injury. The case was settled by our agreement to modify Bureau employment records to match OPM's decision. No money damages were awarded to plaintiff. The government agreed to pay attorney fees in the amount of \$1500.

WESTERN REGION

Voto-Bernales v. United States, et al.

This case involved the amputation of the plaintiff's left testicle. The matter has been tentatively settled for \$42,500.00, provided the tests show the plaintiff is still fertile. The tests have been conducted and show significant evidence of fertility. It should settle in the very near future.

PROPERTY SETTLEMENTS

Three lawsuits based on lost property were settled in the Northeast Region for a total of \$550.00.

III. CASES OF INTEREST

NORTH CENTRAL REGION

Warden, et al v. Perrill, et al., D. Colo., FCI Englewood.

This case, which includes 11 current and former inmates at FCI Englewood as plaintiffs, names 9 current and former employees of FCI Englewood in a personal liability action seeking damages for exposure to asbestos. The exposure is alleged to have occurred in August, 1993 on a prison remodeling project. Varying degrees of exposure to some of the inmates have been documented in a response to a Congressional inquiry and in an OIA investigation. The plaintiffs are represented by counsel.

Wright, et al. v. Hawk, Kane, Edwards & Perrill, D. Colo., FCI Englewood.

Like Warden, et al. v. Perrill, et al., this case involves Bivens type allegations of constitutional deprivations caused by adverse environmental exposure at FCI Englewood. A total of sixteen similar pro se law suits have been filed, eleven of which have been consolidated in 94-C-800. Unlike Warden, there is no evidence indicating that any of these plaintiffs were exposed to negative environmental substances at FCI Englewood.

Farmer v. Brennan, et al., W.D. Wis., FCI Oxford.

On remand from the Supreme Court, the district court granted the defendants' motion for summary judgment. Plaintiff has appealed to the Seventh Circuit Court of Appeals and the Circuit has appointed counsel for Mr. Farmer.

Dixon v. USA, et al., D. Kan., USP Leavenworth.

This is a problematic FTCA/Bivens case which alleges physical abuse of inmates during a forced cell move. The defendants' requests for legal representation have been forwarded to the Constitutional Torts Branch. Because we anticipate a delay in the representation decision, the United States Attorney has filed for another extension of time.

Weeks v. USA, D. Kan., USP Leavenworth

The plaintiff in this FTCA case alleges he was physically abused during the same forced cell move of which inmate Dixon complains. An answer is due in early May and it is anticipated that numerous jurisdictional defenses will be asserted.

Howard v. United States, D. Colorado Civil No. 92-N-1515

In November, 1994, Judge Nottingham issued a temporary injunction directing the FCI Englewood staff to permit inmate Howard to perform rituals of the Church of Satan at reasonable times and places. Pursuant to this order, inmate Howard has been permitted to perform monthly rituals. The government filed a motion for reconsideration which the court took under advisement. On March 13, 1995, the U.S. Attorney filed a motion with the court advising that inmate Howard had violated prison rules by participating in a serious assault of another inmate. One of the sanctions was a recommended disciplinary transfer. At a March 30, 1995 status conference, counsel for Mr. Howard requested that Judge Nottingham enter an appropriate order compelling the BOP to keep inmate Howard within the jurisdiction of the court. The court declined to do so. The court is considering taking oral testimony on the government's motion to reconsider. A status conference is scheduled for Friday, April 14, 1995 at 2:00 p.m. MDT in Denver, Colorado.

SOUTH CENTRAL REGION

McAlpine v. Thompson, et al., W.D. Okla.

This is a case in which a Native American inmate has sued for the right to use peyote in his religious ceremonies. The Magistrate Judge has issued a Report and Recommendation recommending dismissal of the suit. We are awaiting a final ruling from the District Judge.

Turner v. Wooten, W.D. Tex.

This is a Bivens case, involving allegations that the plaintiff was forced to work in deliberate indifference to his serious medical needs. This case has a long and tortured history, complicated even more by the fact that Dr. Garrett Duckworth, one

of the named defendants, has filed for bankruptcy. Dr. Duckworth has named all codefendants, and AUSA Robinson, as potential creditors in his bankruptcy. AUSA Robinson has withdrawn from the case since being named a defendant and Constitutional Torts Branch is taking over the case. Trial is currently scheduled for mid-May, in El Paso, but the government is moving for a continuance to conduct discovery. We are also working with the Constitutional Torts Branch to obtain representation for the defendants in Dr. Duckworth's bankruptcy, to protect their right to contribution on the off chance that the defendants are found liable to the plaintiff.

SOUTHEAST REGION

Olson, et al. v. Federal Prison Industries (UNICOR), et al., S.D. Ga.

Mandamus case which involves FCI Jesup inmates alleging that the UNICOR Board of Directors received unauthorized gifts, UNICOR employs illegal aliens and pre-trial detainees, UNICOR sells goods to private companies, UNICOR threatened and coerced inmates to work in UNICOR for less than minimum wages, and that inmates are transferred repeatedly to prevent a raise in pay. On March 6, 1995, the Magistrate recommended dismissal because no special grand jury had been impanelled in this district and therefore, the inmates had no basis for their mandamus action.

WESTERN REGION

Low v. Taylor, C.D. Cal.

In this suit under the Religious Freedom and Restoration Act, a Satmar Hasidic Rabbi seeks injunctive relief regarding a variety of religious issues, including an appropriate diet, providing a mikvah, a minyan, and an appropriate Torah. Both the district court and the Ninth Circuit refused emergency injunctive relief and required petitioner to exhaust his administrative remedies. The Court of Appeals has set an expedited appeal schedule with Appellant's Brief due April 24, Appellee's Brief due May 24, and oral argument in July, 1995.

CENTRAL OFFICE

Collazo-Leon v. Bureau of Prisons, 94-2061 (1st Cir.)

Challenge by pretrial detainee at MDC Guaynabo to DHO discipline as being unlawful; oral argument held February 10, 1995, in Boston, Mass.; decision favorable for Bureau on April 7, 1995.

SETTLEMENTS
Second Quarter

Western Region

Terms. The complainant alleged discrimination against the Federal Correctional Institution, Terminal Island, California, on the basis of national origin (Puerto Rican), sex (female), and that she was subjected to sexual harassment when staff made unwelcome comments toward her and she was terminated from her position as Cook Foreman. The complaint of discrimination was settled on January 29, 1995, prior to completion of the EEO investigation. The settlement agreement provided that management change the complainant's termination (Standard Form 50) to resignation; when employment requests from prospective employers are received, management will state only that the complainant resigned for personal reasons; all documents relating to the complainant's termination will be removed/destroyed from her official personnel folder; and the complainant would not apply for employment with the Bureau for a two-year period.

Reason for Settlement. The complaint was settled by the EEO Investigator through factfinding/mediation.

Northeast Region

Terms. The complainant alleged discrimination against the Federal Correctional Institution, Ray Brook, New York, on the basis of his sex (male) when he received a five-day suspension and was the subject of an internal investigation. The settlement provided that the employee's reckoning period for the disciplinary action be shortened to a fourteen-month period.

Reason for Settlement. The complaint was settled by the assigned EEO Investigator through factfinding/mediation.

South Central Region

Management will ensure that Mr. Lopez is allowed to work in the same work environment as other staff without fear of reprisal.

Reason for Settlement. This complaint was settled by the assigned EEO Investigator through factfinding/mediation.

2. **Terms.** The complainant alleged discrimination against the Federal Correctional Institution, La Tuna, Texas, on the basis of his race (white) and sex (male) when he was not selected for supervisor of the year. MEMORANDUM FOR WALLACE H. CHENEY
ASSISTANT DIRECTOR/GENERAL COUNSEL

FROM: Nancy Trudel, Acting Administrator
National Inmate Appeals

SUBJECT: CRIPA Quarterly Report

THRU: *George E. Pruden, II*
George E. Pruden, II, Associate General Counsel
Carolyn A. Sabol, Deputy General Counsel

We are pleased to provide the CRIPA Quarterly Activity Report for the period of January 1, 1995, through March 31, 1995.

JURISDICTIONS CERTIFIED

No jurisdictions were certified this quarter.

PENDING APPLICATIONS

Clinton County, Pennsylvania - We received their application for conditional certification on January 12, 1995. A formal review of the application has been completed. We have provided their staff with our suggestions for modifications to their procedure to comply with regulations.

County of Bucks, Pennsylvania - On February 27, 1995, we received their application for full certification. Bucks County had been granted conditional certification for one year on December 8, 1992. We reviewed their evidence of past performance, and have recommended full DOJ certification be granted.

Michigan Department of Corrections - We have received the final draft policy which incorporates our suggested modifications, and we are now only awaiting their Spanish translation in order to recommend full certification.

Hawaii Department of Public Safety - No change from last quarter. We are still awaiting a response to our suggested modifications to their application for full certification.

Fulton County Jail, Georgia - There is no change in status from last quarter. We are still awaiting their response to the comments and suggestions made in our formal review of their application for certification.

INFORMAL REVIEW

South Carolina Department of Corrections - An informal review of their grievance procedure was conducted the week of March 13, 1995. We made several suggestions to assist in the certification process.

CORRESPONDENCE

Rhode Island Department of Corrections - We continue to provide advice and assistance to Rhode Island in the development of A certifiable grievance procedure.

We are beginning to receive FOI requests for CRIPA documents. Also, we continue to receive correspondence from inmates and other parties interested in CRIPA.

ACCOMPLISHMENTS

On March 15, 1995, an interim rule was published modifying CRIPA regulations to conform with changes outlined in the 1994 Crime Bill. The changes include an increase from 90 to 180 days for the time allowed for exhaustion of remedies, and a provision for certifying jurisdictions demonstrating a "fair and effective" grievance procedure.

During the quarter, the National Inmate Appeals Section prepared a CRIPA Question and Answer briefing paper to DOJ through the Bureau's Office of Public Affairs. This information was to be used by the Attorney General for a meeting with State Attorneys General.

STRATEGIES

We will be updating our CRIPA handbook to include changes in the law and regulations as previously referenced. We notified jurisdictions with pending applications of these changes.
