On 06-19-2011 at 1330 Captain Bellman briefed me on an incident that involved Inmate Campau. The incident is as follows. On 06-19-11 at 1125 Inmate Campau who was housed in the infirmary, had cut his left wrist and reported that he had swallowed a razor blade. Captain Bellman prepared the inmate for transport to Salem Memorial Hospital. As the transport was about to take place, Dr. Vargo (through Ted Randall Health Services Manager) ordered the inmate kept in the infirmary and placed on a suicide watch. At 1535 Officer Kohler radioed me to call the infirmary. Officer Kohler told me that Inmate Campau was hitting his head on the radiator in his side room. I responded to the Infirmary Side Room #6 and told Inmae Campau to quit hitting his head or I would place him in a restraint chair to negate his self destructive behavior. Inmate Campau said OK. I ordered Inamate Campau several times to put his smock on so I could restrain him and have his injuries checked by medical. During this time Inmate Campau was staggering around his cell asking for help. Eventually he sat on his toilet and continued to ask for help. At this point I told him to forget the smock and come to the cuff port to be restrained. He complied at 1545 by standing up and covering his genitals and placing his hands through the cuff port. After I restrained him and the door opened he fell into the wheel chair and appeared to go unconscious. R.N. Tarvis Toman assessed Inmate Campau and told me to call 911. I ordered Officer Kohler to call 911. R.N.'s Travis Toman, Monika Korsnes and Sandra Hendricks began emergency medical treatment on Inmate Campau on the floor outside of Side Room #6. Inmate Campau was transported to the sally port outside of Master Control where he was turned over to E.M.T.s, Ryan Schenk, Broady Neson, Eric Creech and Paul Telfer at 1555. At 1615 the E.M.T.s called Doctor Kirkpatrick who told them to pronounce him deceased. I declared the Infirmary Side Room #6 and the Sally Port a crime scene and placed Officer Tiede in charge of securing and monitoring Side Room #6. I placed Officer Sickendick in charge of securing and monitoring the Sally Port. All necessary internal and external notifications were made. Medical Examiner Darrell Britton arrived at 1717. State Police Detective Dave Steele arrived at 1730. District Attorney Nicole Theobald arrived at 1845. Detective Steele and M.E. Britton investigated Infirmary Side Room #6 and released it as a crime scene at 1821. Mike Trissell of Alternative Burial removed the body of Inmate Campau at 1940. 2021

At approximately 3:30 p.m. while doing my checks, I was informed by Nurse Toman that I/M Campau was banging his head on the radiator trying to hurt himself more. As of this writing I have not been able to contact Mr. Campau's mother Dorothy his emergency contact to inform her of his death late this afternoon. I did speak with a Myra Gilchrist from the visiting list who informed me that Dorothy and Dolores Lorati (on Campau's visiting list) are neighbors and close friends. I did not inform Myra of Campau's passing. I have left my personal cell phone number on both Dorothy and Dolores' voicemails so Dorothy can call me this evening.

I will leave a voicemail on Chaplain Holbrook's work phone this evening informing him if I've talked to anyone. Holbrook can follow up tomorrow (Monday) as needed.

Thanks  
Kelly
