House Resolution 108 (COMMITTEE SUBSTITUTE)
By: Representatives Benfield of the $85^{\text {th }}$, Watson of the $91^{\text {st }}$, Talton of the $145^{\text {th }}$, Crawford of the $127^{\text {th }}$, Henson of the $87^{\text {th }}$, and others

## A RESOLUTION

Compensating Mr. Clarence Harrison; and for other purposes.

WHEREAS, in the early morning hours of October 25, 1986, a woman was attacked as she walked to a bus stop in downtown Decatur, Georgia. The woman was grabbed from behind, struck on the head, and dragged to an unknown location where she was sexually assaulted. The woman was subsequently dragged to two other unknown locations and again sexually assaulted and her wrist watch was stolen; and

WHEREAS, physical evidence was collected from the victim, including the clothing that she was wearing and other evidence that was capable of showing DNA; and

WHEREAS, in June of 1987, Mr. Harrison was tried for rape, kidnapping, and robbery in DeKalb County, Georgia. Mr. Harrison maintained his innocence from his arrest on November 5, 1986, and throughout his trial, but the victim identified Mr. Harrison from a photographic line-up and a witness who lived in the neighborhood where the attack occurred identified Mr. Harrison as a man who had come to her door on the evening of the attack and circumstances suggested to her that he was the assailant; and

WHEREAS, Mr. Harrison was convicted and on June 26, 1987, he was sentenced to life in prison for rape and 20 years each for kidnapping and robbery to run consecutive to the life sentence; and

WHEREAS, in September 1998, Mr. Harrison sought DNA testing but the laboratory conducting the analysis was unable to produce results due to previous testing of the evidence; and

WHEREAS, despite being told that all of the evidence in his case had been destroyed, Mr. Harrison continued to try to prove his innocence. In 2004, with the consent of the DeKalb County District Attorney and Mr. Harrison's attorney, further DNA testing, which was not

available in 1987, was performed, and the test concluded with 100 percent certainty that Mr . Harrison's DNA did not match the DNA from the semen obtained from the victim's rape kit and therefore he was not the perpetrator of the crimes for which he had been tried and convicted; and

WHEREAS, based on this new evidence, the 1986 indictment against Mr. Harrison was nol prossed on August 31, 2004; and

WHEREAS, Mr. Harrison was immediately released from custody after serving 17 years, nine months, and 26 days in prison; and

WHEREAS, during his imprisonment, Mr. Harrison was divorced by his wife and virtually prevented from seeing his two children throughout his incarceration; he missed the birth of his first grandchild; his mother and one sister died; and he suffered from medical conditions including a worsened back problem that causes him now to have to walk with a cane, migraine headaches for three years for which he received no treatment, and due to a delayed diagnosis of kidney cancer, he had to have a kidney removed; and

WHEREAS, Mr. Harrison has suffered loss of liberty, personal injury, lost wages, injury to reputation, emotional distress, and other damages as a result of his nearly 18 years of incarceration and expenses in trying to prove his innocence; and

WHEREAS, the conviction, incarceration, and subsequent loss of liberty and other damages occurred through no fault or negligence on the part of Mr. Harrison, and it is only fitting and proper that he be compensated for his loss.

NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY OF GEORGIA that the Department of Corrections is authorized and directed to pay the sum of $\$ 1$ million to Mr. Clarence Harrison as compensation as provided above. Said sum shall be paid from funds appropriated to or available to the Department of Corrections and shall be in full and complete satisfaction of all claims against the state arising out of said occurrence.
